

2008 NATIONAL O SCALE CONVENTION CAR #6

WELLSVILLE, ADDISON & GALETON

40' XM-1 OB BOXCAR

Brought to you by the hosting club of the 2008 National O Scale Convention;
The Southern New England Model Railroad Club

The Wellsville, Addison & Galeton (WAG) bought these wooden, outside braced boxcars from the Boston and Maine Railroad. The door on the model is different from the door in the photo. A line drawing is included to illustrate the model's door. The scale resin car kit is complete less trucks and couplers. There is an optional "Brass Parts Package" available at a cost of \$30.00 if you would like brass detail parts instead of the plastic detail parts. **LIMITED RUN!**
